

ThinkPad E14 Gen 2 (AMD)

MOBILITY & SECURITY IN ONE GREAT PACKAGE FOR HEALTHCARE

The entry-level ThinkPad, E Series features the famous keyboard and trackpoint, and is MIL-SPEC tested ensuring the build quality for which ThinkPad is renowned, and healthcare professionals demand.

Designed for modern financial services organizations, this 14" entry-level ThinkPad surprises with premium features that boost productivity, collaboration and data security. Take Smart Power On – a power button option that enables users to power on or wake the device and log in simultaneously. Or Glance by Mirametrix; using face, eye and gaze tracking this blanks or locks the device automatically when a user steps away from it – for better security and a seamless user experience.

REASONS TO BUY

Healthcare professionals can work effectively from anywhere now. The lightweight device comes with powerful AMD Ryzen™ 4000 Series Mobile processors, ultra-responsive SSD storage, optional WiFi 6 technology that can enable faster internet speeds, and up to 13 hours of battery life.

Minimal preloaded applications mean maximum battery life and responsiveness for users, and faster deployment for IT admins.

User authentication technologies include an optional fingerprint reader integrated with the power button and an optional infra-red camera.
